

321—25.30(231C) Nurse review. A program that administers prescription medications or provides health care professional-directed or health-related care shall provide for a registered nurse to:

25.30(1) Monitor, at least every 90 days, or after a change in condition, each tenant receiving program-administered prescription medications for adverse reactions to program-administered medications and make appropriate interventions or referral, and ensure that the prescription medication orders are current and that the prescription medications are administered consistent with such orders; and

25.30(2) Ensure that health care professionals' orders for tenants receiving health care professional-directed care from the program are current; and

25.30(3) Assess and document the health status of each tenant, make recommendations and referrals as appropriate, and monitor progress on previous recommendations at least every 90 days or if there are changes in health status; and

25.30(4) Provide the program with written documentation of the activities, as set forth in 25.30(1) through 25.30(3), showing the time, date and signature.
